

Invent Learning Hub

2021-2022

COVID-19 Plan

School Day

- In-person instruction will be provided 5 days a week for all students.
- A distant learning option will be provided to students with either a confirmed positive case or have had an immediate household member test positive for COVID-19.

Practicing Prevention

- Teach and reinforce good hygiene measures such as handwashing, covering coughs, and face coverings/masks.
- Provide hand soap and hand sanitizer, paper towels, and no touch trash cans in all bathrooms, classrooms and frequently trafficked areas.
- Post signage to communicate how to stop the spread. Include COVID 19 symptoms, preventative measures (including staying home when sick), good hygiene, and specific protocols.
- Clean/disinfect frequently touched surfaces at least daily and shared objects after each use.
- Turn off all drinking fountains and instead provide fill stations for each class room to encourage students and staff to bring personal water bottles.
- Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible, as long as this does not pose a safety or health risk to students or staff.
- Conduct deep cleaning of schools prior to students/staff returning; schedule additional cleanings as needed.

Transporting Students

- Implement standard operating procedures while taking preventative measures such as:
 - Require bus drivers to wear face masks/coverings per the duration of the federal transportation mask mandate.

- Students must sit in assigned seats.
- No guest riders unless pre-approved due to a supervision issue or split households.
- Inspecting buses prior to students returning and as a part of regular rotation.
- Increased cleaning and disinfecting of frequently touched surfaces on buses.
- Airing out buses when not in use.
- Scrutinize field trips to determine the educational gain versus risk
 - Offer alternative options for students who do not feel comfortable attending
 - Consider virtual field trips if they are an option.

Entering School Buildings

- Implement standard operating procedures while taking preventive measures such as:
 - Provide hand sanitizer for students and staff.
 - Limit unnecessary congregations of students and staff.
 - Post signage to communicate how to stop the spread. Include COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and specific protocols.
 - Continue established COVID-19 protocol for students/staff who feel ill/experience symptoms when they come to school.
 - Continue to provide BinaxNow screening to students and staff who have symptoms similar to that of COVID-19.
 - Limit visitors and volunteers when students are present. Screen prior to interactions with students or staff.

Serving Meals

- Implement standard operating procedures while taking preventative measures such as:
 - Encourage students to sanitize their hands before and after meal service.
 - Providing hand sanitizer for students and staff.
 - Conducting cleaning of cafeterias and high-touch surfaces throughout the school day.
- Continue to serve individual served meals

Transitioning

- Implement standard operating procedures while taking preventative measures such as:
 - Provide staff supervision for the entire duration of student transition to shorten transition time and to create little opportunity for students to congregate in the halls.
 - Conducting cleaning of hallways and high-touch surfaces throughout the school day.
 - Providing hand sanitizer for students and staff at entrances to classrooms.

Conducting Large Group Gatherings

- Implement standard operating procedures while taking preventative measures such as:
 - Providing hand sanitizer for students and staff.
 - Limiting unnecessary congregations of students and staff.
 - Follow guidance provided by Indiana Department of Education, Marion County Board of Health, or any other relevant governing board.
 - Submit plans to the local health department for recurring and special events when requested.

Supporting Teaching and Learning

- Implement standard operating procedures while taking preventative measures such as:
 - Providing hand sanitizer for students and staff.
 - Conducting cleaning of classrooms and high touch surfaces daily.
- Establish an academic baseline:
 - Use formative assessments (NWEA).
 - Conduct meetings with teachers to analyze data and see where students are academically.
- Discuss the shared experience
 - Implementation of Trust Based Relational Interventions (TBRI) with fidelity.
 - Social Emotional Learning (SEL) Resources
- Target interventions and supports:
 - Provide additional instructional supports to:
 - Students at-risk of not graduating on time.
 - Students with disabilities. (recovery services)
 - Students who had poor attendance in the 2020-2021 school year due to COVID-19 related reasons.
 - Other students identified as being behind academically by teachers and parents.
- Address learning loss:
 - Provide extended learning opportunities through summer school programming.

Masks and Contact Tracing

- As of July 1, 2021, local school boards of public K-12 education institutions will be responsible for implementing whatever measures and restrictions deemed necessary and prudent to address the impact and spread of COVID-19 for their buildings, facilities and grounds, to include transportation. Educational governing bodies are encouraged to follow CDC guidance and any guidance that may be issued by the Indiana Departments of Health and Education.
 - Provide masks if required or if requested in all buildings, all events, and on buses.
 - Masks will not be required outdoors.
 - Welcome students and staff to wear masks, if masks are not required.

- Determine contact tracing requirements, if any, or in-school and out-of-school exposure.
- Follow IDOE attendance guidelines for students who are absent due to a COVID-19 related reason.

Vaccinations

- Follow Indiana State Department of Health (ISDH) guidance if COVID-19 becomes a required or recommended vaccine. Currently, the COVID-19 vaccine is not listed as either a required or recommended vaccine. Should that change, religious and medical exemptions will be followed like with all other vaccines.

Communication

- Invent Learning Hub staff will directly communicate with families via class dojo, Phone/text, or email of any positive cases in the building.
- Families who have questions that relate to COVID or this plan can either call the school directly or complete the link at www.tinyurl.com/ILHcovidplan for a response within 1 operation day.

Protecting Vulnerable Populations

- All federal, state, and local guidelines will be followed as well as adherence to FERPA and HIPAA requirements. In addition, adherence to state and federal employment law and extended leave allowances and offering an Employee Assistance Program to all staff members.

Terms:

- **In-School Learning** - students present in the school building.
- **Distant Learning** - students completing lessons and activities from home.
- **Vulnerable populations** - elderly individuals and/or individuals with serious underlying health conditions including high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune system is compromised such as by chemotherapy for cancer and other conditions requiring such therapy as identified by national health organizations.
